Definitions

DUET is a quilt constructed by one person and quilted by someone else.

ART QUILT is a contemporary artwork of original design involving the creative expression and exploration of various processes, such as dyeing, printing, painting, stitching, embellishing, quilting, and weaving. An Art Quilt does not follow traditional block lines.

MEMORY QUILTS are a way of remembering or celebrating family history, the life of a loved one, or an important event in life. Materials used can be clothing, photos, memorabilia, etc.

APPLIQUE QUILTS use applique as the primary feature. The definition of applique is sewing of smaller pieces of fabric onto a large, whole piece of fabric. Applique quilts can include other quilting techniques in a secondary role.

MODERN QUILTS are defined as quilts that are functional, include bold colors, and are inspired by modern design. Minimalism, asymmetry, expansive negative space, and alternate grid work are often a part of modern quilt composition, as are improvisational piecing and solid fabrics.

WHOLE CLOTH QUILTS The top layer of a whole cloth quilt is made from a single piece of fabric. No patchwork or applique is used in the quilt design. The appearance of a whole cloth quilt relies on the quilting motifs that are chosen, and quilting stitches are usually intricate and closely spaced.

BABY QUILT is defined as a small quilt made to fit easily in a crib or stroller.

MACHINE QUILTING is quilting with any type of machine.
